Kuraray Co., Ltd.

Price Increase of SEPTON™, HYBRAR™ and TU-Polymer

The Elastomers Business Unit will raise the transaction prices of following Elastomer products in all regions effective July 15, 2022 or as existing supply agreements allow: ALL SEPTON™, HYBRAR™ and TU-Polymer: \$0.33 per kilogram (\$0.15 per pound).

Increasing feedstock prices, utility and logistics costs have reached to the level beyond unilaterally absorbable by self-saving efforts. This time, it is necessary to recover a portion of these increases to ensure ongoing supply and new product innovation.
